As a family-run business based in Shropshire, we specialise in designing, manufacturing, delivering, and installing handmade timber garden buildings that are built to last. From log cabins and summerhouses to home offices, studios, man caves, storage sheds, and workshops, each structure is crafted with care and attention to detail. And because we believe that your space should be as unique as you are, all our garden rooms are fully customisable—tailored to your exact needs and preferences. At Noah Garden Rooms, we pride ourselves on offering luxury garden buildings at some of the best value around—proving that high quality
