

Guildford, UK

Phone: 01252 851114

Climate Environmental Ltd are leading specialists in air conditioning systems in Guildford, offering both domestic and commercial clients top-tier installation, maintenance and repair services. With over 40 years of combined experience and a strong track-record in temperature control solutions, the team deliver tailored air-con-and-heating systems designed to enhance comfort, efficiency and indoor environment quality in homes, offices and commercial premises. Based in the Surrey and Hampshire region, Climate Environmental work throughout Guildford and the surrounding areas, providing professional advice, precise installations and ongoing support. They handle everything from single-room air-conditioning units to complex multi-zone systems and full HVAC setups. With high-quality products, F-Gas

registered engineers, and a dedication to customer service, they are the go-to

choice for air conditioning in Guildford and nearby towns. Whether you're equipping a new build, upgrading existing units or requiring emergency support, Climate Environmental cover all aspects of air conditioning — including installation, servicing and repairs — for homes and businesses across the region. Their local presence and national-class standards mean clients in Guildford can enjoy reliable climate control solutions delivered with clarity, professionalism and value.
